MORE THAN NUTRITION, MEDTRITION®

ProSource Cup is the latest innovation from Medtrition. With 20 grams of complete protein this product is designed to be an inclusive protein modular to serve both oral and enteral patients. This low volume, clear liquid, Halal certified protein modular has a bright berry flavor that your patients will love. The low viscosity and wide mouth opening cup making it ideal for legacy enteral syringing or a by mouth administration. With this unique formulation, there is not additional mixing or diluting required eliminating, time, labor and the increased risk of cross contamination.

We believe that nutrition is not one size fits all but sometimes that's exactly what a facility needs. For those that are looking for a protein dense oral nutrition product that can also be used easily, in the enteral population, we have your answer.

Dosing and Administration

Oral: Take 1 cup as needed to help meet protein needs. Can also be mixed with hot or cold liquids or foods.

Tube Feeding: Draw from cup using enteral syringe. Administer slowly via syringe. Flush with 30 mL of water before and after administration. **Do not mix with tube feeding formula.**

Ingredients: Purified Water, Protein from Beef Collagen Hydrolysate and Whey Isolate, Essential Amino Acid Blend (L-Leucine, L-Phenylalanine, L-Valine, L-Isoleucine, L-Lysine, L-Methionine, L-Tryptophan, L-Histidine, L-Threonine), Natural Flavors, Citric Acid, Malic Acid, Lactic Acid, Potassium Sorbate and Sodium Benzoate (preservatives), Sucralose. **Contains: Milk.**
