Rollators

McKesson

McKesson rollators help provide stability, comfort, and mobility support for users who need assistance walking both indoors and outdoors. Available in lightweight aluminum and heavy-duty steel models, each rollator includes ergonomic hand brakes, a padded seat and backrest, and storage options that enhance daily usability with adjustable handle heights, smooth-rolling casters, and dependable braking systems. McKesson rollators offer a safe, reliable, and comfortable mobility solution suitable for a wide range of users.

Features and Benefits

WEIGHT CAPACITY
Supports users up to 300 lbs., 350 lbs., or 500 lbs. depending on the model

FRAME CONSTRUCTION
Models available in lightweight aluminum or heavy-duty steel for secure, durable performance

BRAKING SYSTEM
Equipped with a deluxe loop-lock braking system that functions like a bicycle brake to slow, stop, or lock in place for stability

SEAT & BACKREST
Includes an oversized padded seat and padded backrest with contoured polyurethane construction for comfort, cut-resistance, and durability. Backrest folds up, down, or can be removed as needed.

HANDLE ADJUSTABILITY
Features ergonomically-designed handles that adjust to user height for safer, more comfortable use. Some steel models include independent angle adjustment or self-threading knobs for tool-free adjustments

CASTER WHEELS
Includes 6-inch, 7.5-inch, or 8-inch casters (varies by model) with non-marring, soft-grip tires for improved stability and maneuverability indoors or outdoors

FOLDING FUNCTION
Rollator frame folds for easy storage and portability. Aluminum models are lightweight (13–16.7 lbs.); steel models hinge-fold for transport

STORAGE OPTIONS
Includes zippered pouches, vinyl carry pouches, or large baskets (bariatric models) for discreet and secure storage of personal items

COMFORT GRIPS
Ergonomic grips reduce hand pressure for improved comfort during extended use

Not made with natural rubber latex

Rev. 00 05/26

Lightweight Rollators

McKESSON

ERGONOMIC HANDLES
Easy-to-grip handles reduce strain and hand pressure, offering comfort during extended use

WEIGHT CAPACITY
Safely supports users up to 300 lbs., providing sturdy mobility assistance for daily use

PADDED SEAT
Features an oversized, padded seat made from strong polyurethane, providing durability, cut resistance, and ergonomic comfort during rest breaks

ALUMINUM FRAME
Durable, lightweight aluminum, offering strength without unnecessary weight for easier maneuvering and transport

PRODUCT WEIGHT
Weighs only 13-16.7 lbs., depending on model, making it easier to lift, fold, and store than traditional steel rollators

LOOP-LOCK BRAKING SYSTEM
Deluxe loop-lock hand brakes function like bicycle brakes, allowing users to slow down or stop smoothly and lock in place for stability when seated

ADJUSTABLE HANDLE HEIGHT
Ergonomically-designed handles adjust to accommodate user height and comfort preferences; lightweight models provide 32–37 in or 29.5–38 in (universal frame) ranges

FOLDING FRAME FOR PORTABILITY
Features an easy-fold frame design that allows for compact storage and transport —ideal for car travel or home storage

6-INCH SWIVELING CASTERS
Equipped with 6-inch, swiveling front caster wheels to improve maneuverability in tight indoor areas and enhance outdoor navigation

NON-MARRING SOFT-GRIP TIRES
Soft-grip, non-marking tires provide a stable, comfortable ride without leaving scuffs on indoor flooring or hard-surface environments

Durable Rollators

McKESSON

WEIGHT CAPACITY
Supports users up to 350 lbs., offering higher load support than lightweight models

ANGLE ADJUSTMENT
Angle adjustment to fine-tune fit and control

STORAGE POUCH
Includes a fabric storage pouch for secure, convenient transport of personal items

DURABLE STEEL FRAME
Built with a steel frame (7/8-inch diameter) to enhance rigidity and long-term durability

PRODUCT WEIGHT
Weighs 18.6 lbs., balancing strength with manageable portability for everyday use

LOOP-LOCK BRAKING SYSTEM
Deluxe loop-lock hand brakes function like bicycle brakes to slow/stop and lock for secure seating

ADJUSTABLE HANDLE HEIGHT
31–35 inches handle-height range helps users set a comfortable, ergonomic walking position

PADDED SEAT & BACKREST
Oversized polyurethane padded seat and backrest are contoured for comfort and cut/split-resistant for durability; backrest folds up/down or removes

FOLDING FRAME
Folding hinge supports easy storage and transport when not in use

7.5-INCH CASTERS
7.5-inch non-marring casters provide smooth indoor/outdoor maneuverability and stability

Heavy-Duty Rollators

McKESSON

WEIGHT CAPACITY
Supports users up to 400 lbs., providing extra strength for heavier users

HEAVY-DUTY STEEL FRAME
Robust steel frame (1-inch diameter) for enhanced stability and durability

ADJUSTABLE HANDLE HEIGHT
34–39 inches handle-height range accommodates taller users and varied preferences

8-INCH CASTERS
Swiveling 8-inch casters with soft-grip, non-marking tires add control and stability indoors and outdoors

INSIDE GRIP WIDTH
22 inches between grips provides extra interior space for user comfort

SPECIAL DELUXE LOOP-LOCK BRAKES
Upgraded loop-lock brake system with internal aluminum casting for easy operation and safety

UNDER-SEAT CARRY POUCH
Contoured polyurethane seat and backrest for comfort and cut/split resistance; hinged backrest folds or removes

Seat height: 22 in; seat width: 19 in

TOOL-FREE HEIGHT ADJUSTMENT
Self-threading knob enables quick, tool-free handle height changes

Bariatric Rollators

McKESSON

WEIGHT CAPACITY
Supports users up to 500 lbs., delivering the highest capacity in the range

BARIATRIC STEEL FRAME
Exceptionally strong steel frame (1-inch diameter) with oversized seat and backrest to support bariatric users safely

OVERSIZED PADDED SEAT & BACKREST
Contoured polyurethane seat and backrest for comfort and durability; backrest folds/removes.
Seat height: 22 in; seat width: 18 in

WIDE INTERIOR & BASE FOR STABILITY
Inside grip width: 23-1/2 in;
Base width/depth: 30-1/2 in × 26-3/4 in.
Supports larger body frames and stable walking

FOLDING FRAME
Folding hinge for convenient storage, transport, and portability

DELUXE LOOP-LOCK BRAKES
Brake system with internal aluminum casting operates like bicycle hand brakes to slow/stop and lock securely

ADJUSTABLE HANDLE HEIGHT
35-1/4 to 39-1/2 inch handle-height range; large self-threading knob for easy, tool-free adjustments

DUAL STORAGE (BASKET + POUCH)
Includes a large basket (21 × 6 × 9 in) mounted below the seat and a vinyl carry pouch beneath the seat for added privacy and security

8-INCH CASTERS
Swiveling, 8-inch non-marring casters with soft-grip tires offer stability across indoor and outdoor surfaces
