WOVEN GAUZE SPONGES

McKesson

McKesson gauze sponges help provide a reliable solution for a wide range of wound care and clinical applications. Made from 100% cotton, these woven gauze sponges are available in sterile and non-sterile configurations, multiple sizes, and various ply options to support facility protocols and patient care needs. Suitable for wound dressing, wound packing, cleansing, and site preparation, McKesson gauze sponges help offer dependable performance, reduced linting, and the convenience healthcare professionals need throughout the continuum of care.

Features and Benefits

100% COTTON CONSTRUCTION

- Soft, woven cotton material helps provides dependable performance for everyday wound care and treatment applications
- Helps support patient comfort while delivering effective absorbency for clinical use

VERSATILE CLINICAL USE

- Appropriate for wound dressing, wound packing, cleansing, and site preparation
- Helps streamline inventory by supporting a variety of patient care tasks with one product family

REDUCED LINTING

- Woven construction helps minimizes loose fibers during use
- Promotes a cleaner treatment area and helps reduce dressing debris

BROAD PORTFOLIO OPTIONS

- Available in multiple sizes, ply levels, sterile configurations, and packaging formats

SINGLE-USE

NOT MADE WITH NATURAL RUBBER LATEX
