LAST REVISION DATE: January 1, 2024; Valid Until Revised

SAFETY DATA SHEET

DISCLAIMER As a food product, CeraLyte®, CeraSport®, and CeraSport Ex-1® Rice-based oral electrolyte powder is not a hazardous chemical. However, the information below is being supplied as a convenience to our customers.

SECTION I - PRODUCT IDENTIFICATION

Product Name:	Rice Syrup Solids
Company Name:	Cera Products, Inc 3075 Tower Rd, Ste D Columbus, GA 31909
Telephone:	706-221-1542
Fax:	706-920-3543
Recommended Use:	Oral Rehydration Solution/Beverage

SECTION II - HAZARDOUS INGREDIENTS

Hazard Classification	Non-Hazardous Substance Non-Dangerous Goods

SECTION III – Composition/Information on Ingredients

	Name	Proportion
Ingredients	Rice Syrup Solids	>99.9%

SECTION IV – First Aid Measures

Inhalation	Remove to fresh air.
Ingestion	Give water to drink
Skin	Wash thoroughly with soap and water
Eye	Flush thoroughly with copious amounts of running water. If symptoms persist, seek medical attention.

SECTION V - Fire-Fighting Measures

Suitable Extinguishing Media	Use carbon dioxide, dry chemical, BCF and foam, water mist or water spray
Hazards from Combustion Products	With heat, product burns/oxidizes to form carbon, carbon monoxide and or carbon dioxide, and smoke

Specific Methods	Fire-fighters should wear full protective clothing and self-contained breathing apparatus (SCBA) operated in positive pressure mode.
Specific Hazards	None
Precautions in connection with Fire	Fire fighters should wear self-contained breathing apparatus (SCBA) operated in positive pressure mode and full protective clothing to prevent exposure to vapors or fumes.

Section VI Accidental Release Measures

Emergency Procedures	Wear appropriate personal protective equipment and clothing to minimize exposure. Increase ventilation. Wet sweep, vacuum or shovel into suitable labeled containers. Wash area with water ensuring all wash water is captured and discharged to an approved treatment facility. Notify relevant waste or environmental authority as required by the site's EPA license, trade waste agreements and/or State legislations.

SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE

Hygienic Practice:	Normal housekeeping measures, water cleanup
Protective Measures during Repair/Maintenance:	Dust masks
Waste Disposal Method:	Landfill; material is biodegradable and not harmful
Special Fire Fighting Procedures:	None
Extinguishing Media:	Water, CO2

SECTION VIII - CONTROL MEASURES

Engineering Controls:	None
Ventilation:	Usual GMP ventilation should be adequate
Work Practices:	No smoking in work groups
Respiratory Protection:	Dust mask recommended
Eye Protection:	Not required
Stability:	Stable.
Other Protective Equipment:	Not needed

SECTION IX - PHYSICAL DATA

Boiling Point:	N/A
Melting Point:	380° F, approx.
Specific Gravity:	0.49 g/cc to 0.73 g/cc
Vapor Density:	N/A
Vapor Pressure:	N/A
Water Solubility:	Completely soluble at moderate concentration, slightly cloudy solution
Appearance, Odor, Taste:	Cream (depending on flavor), granular solid, no odor, sweet and salty, bland taste

SECTION X - Stability and Reactivity

Reactivity	No reactivity hazards known.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	None known.
Incompatible materials	None known.

SECTION XI - Toxicological Information

GHS Properties	Classification
Acute toxicity	UN GHS Data lacking
Skin Corrosion/Irritation	UN GHS Data lacking
Serious eye damage/Irritation	UN GHS Data lacking
Skin Sensitization	UN GHS Data lacking
Respiratory sensitization	UN GHS Data lacking
Aspiration Hazard	UN GHS Data lacking
Carcinogenicity	UN GHS Data lacking
Germ Cell Mutagenicity	UN GHS Data lacking
Toxicity for Reproduction	UN GHS Data lacking
STOT-SE	UN GHS Data lacking
STOT-RE	UN GHS Data lacking

Medical conditions aggravated by exposure: None Known

Potential Health Effects

Inhalation		
	Acute (immediate)	Under normal conditions of use, no health effects are expected.
	Chronic (delated)	No information of adverse effects in humans found.
Skin		
	Acute (immediate)	Under normal conditions of use, no health effects are expected.
	Chronic (delated)	No information of adverse effects in humans found.
Eye		
	Acute (immediate)	Under normal conditions of use, no health effects are expected.
	Chronic (delated)	No information of adverse effects in humans found.
Ingestion		
	Acute (immediate)	Ingestion of quantities sufficient to produce health effects is not a plausible route of exposure in industrial use.
	Chronic (delated)	No information on adverse effects in humans found.

SECTION XII - Ecological Information

Toxicity	Material data lacking
Persistence and degradability	Material data lacking
Bioaccumulative potential	Material data lacking
Mobility in soil	Material data lacking

Results of PBT and VPvB assessment	Material data lacking
Other adverse effects	Material data lacking

SECTION XIII – Disposal Considerations

Product Waste	Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.
Packaging Waste	Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

SECTION XIV – Transport Information

Please see current shipping paper for most up to date shipping information, including exemptions and special circumstances

DOT	Not Regulated
IATA	Not Regulated
IMDG	Not Regulated

SECTION XV – Regulatory Information

This product is not classed as dangerous substance under the classification, packaging and labelling of dangerous substance regulations.

SECTION XVI – Other Information

None
