MCKESSON

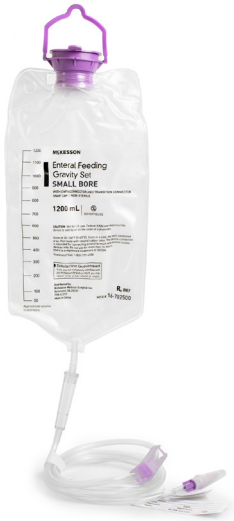

For the reliability your infusion patients need, count on McKesson

Your infusion therapy patients rely on you to be there for them, and that means having a distributor who's there for you. With McKesson, you can count on the support of a nationwide network, one of the industry's largest product portfolios — and a team that's always willing to go the extra mile.

Shop our family of products with confidence and satisfaction that is supported by our **McKesson Brands 100% Satisfaction Guarantee**. Should you not be satisfied for any reason with your purchase, you may return it for a full refund or credit within 12 months from your date of purchase.

McKesson Biomedical Solutions™

Stocking, servicing and tracking devices can be a drain on your time and resources. McKesson Biomedical Solutions™ takes this burden off your shoulders so you can focus on your business.

Large equipment inventory

Get access to 70,000+ devices and over 125 different device models

Dependable equipment service

Equipment tracking technology

Get real-time visibility of the status of your assets with McKesson OneTrack™

Asset management solutions

Improve utilization by allowing McKesson to manage your equipment needs

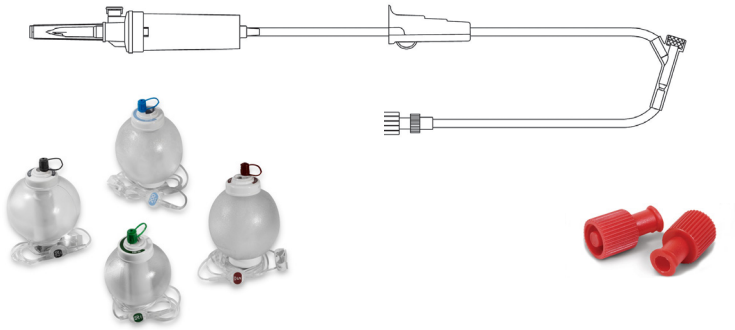

Supply chain management

Benefit from one of the industry's largest fleet of equipment

Visit mms.mckesson.com/biomedical-solutions to learn more.

IV THERAPY

Intravenous therapy delivers fluids and medications quickly into the blood stream through the veins using either a syringe or a drip. McKesson Brands offers a full menu of IV therapy products including administration sets, extension sets, catheters and accessories.

KITS

Having quality, sterile and well-packaged kits within reach is essential for healthcare providers who are responsible for starting IVs, changing dressings and more. Kits can lower product expenses, reduce waste, support compliance to clinical protocols and increase the amount of time spent with patients. Some of our most popular kits in the home infusion therapy space are listed below.

Kit Number	Kit Description	Product Description	MFR #	QTY/KIT
Dressing Change Kits				
MSDC-014237A	McKesson Dressing Change-PVP, 30/cs	Dressing: Tegaderm Securement 4" x 4.75"	1688NS	1

ENTERAL THERAPY

Home infusion patients who cannot ingest food themselves rely on enteral nutrition techniques including syringe feeding, gravity feeding and infusion pumps. McKesson is proud to offer feeding devices and feeding pump accessories that are compatible with the leading enteral pumps.

FLUSH SYRINGES

Comparable to the leading national brands, our prefilled IV flush syringes offer an alternative to vial-based flushing systems and help lower the risk of medication errors. Each of our polypropylene, luer lock syringes is crafted with a no-reflux technology, and works seamlessly with reduced flow catheters.

CLEAN ROOM

Each year approximately 8 million U.S. healthcare workers are potentially exposed to hazardous drugs (HDs)*. Pharmacy Cleanrooms are designed to minimize contamination from contacting critical sites, and USP 800 safety guidelines offer more protection to healthcare workers to ensure the safe handling of HDs.

McKesson has a wide range of products from the industry's leading manufacturers and knowledgeable sales and service teams to help meet the challenges related to your USP 797 and 800 requirements.

INFECTION PREVENTION

Home infusion therapy providers have the power to prevent infections across clinical settings, clean rooms and even patients' homes. McKesson Brands hand hygiene products, surface disinfectants and cleaning products can help reduce the microorganisms that put patients, providers and caregivers at risk.
