Accelerated Multi-Target Respiratory Testing at the Point of Care

CorDx Tyfast Flu A/B & COVID-19

Multiplex Rapid Test

The CorDx TyFast Flu A/B & COVID-19 Multiplex Rapid Test is a lateral flow immunoassay intended for the qualitative detection and differentiation of SARS-CoV-2 and influenza A and B antigens. The test provides an efficient and accurate diagnostic solution in 10 mins, giving healthcare providers and communities a rapid and reliable way to prioritize their health.

Nasal Swab **Easy-Use** **Multi Target**

Enabling Healthcare Professionals
Rapid, Comprehensive, Precise Results

CorDx Tyfast Multiplex Rapid Test equips point-of-care professionals with world-class, reliable diagnostics that streamline their ability to provide care and deliver peace-of-mind.

Detect and Differentiate Between
Flu A/B & COVID-19

CorDx Tyfast gives healthcare professionals the tools to seamlessly detect and differentiate between viral respiratory infections, allowing them to make informed treatment decisions.

Results You Can Trust in Just 10 Minutes

CorDx Tyfast's high-performance diagnostic technology enables accurate, reliable results in just 10 minutes, enabling healthcare providers to streamline their operations.

Proudly Made in the United States

CorDx Tyfast Multiplex Rapid Test is proudly made in the United States, with ISO-certified, GMP-compliant manufacturing sites in California and Georgia.
