Safety Data Sheet
according to Regulation (EC) No 1907/2006 (REACH)

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier: PUSH Pineapple Collagen Dipeptide Item# GH-16

1.2. Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses Pineapple PUSH

1.3 Details of the supplier of the safety data sheet:

Supplier:

Name	**Global Health Products**
Address	**1099 Jay Street**
Information contact	**Rochester, NY 14611**

1.4 EMERGENCY TELEPHONE NUMBER: 585-235-8815

SECTION 2: Hazards identification

Based on available information, not classified as Dangerous Goods (HAZMAT) by the criteria of the National Fire Protection Association (NFPA 704) for transport by Road and Rail; NON-DANGEROUS GOODS.

SECTION 3. Composition/information on ingredients

Collagen Dipeptide, Pineapple Juice Powder, Citric Acid, Pineapple Flavor, Sucralose.

SECTION 4: First aid measures

Following inhalation:
Flush Thoroughly

Following skin contact:
Not Applicable

Following eye contact:
Flush eyes thoroughly with large quantities of water for 15 minutes. Do not rub eyes. If condition worsens or Irritation persists, seek medical attention

Following ingestion:
This is an edible product

Indication of immediate medical attention and special treatment needed:
No further relevant information available. There are no known specific antidotes if this product is ingested person suffering a temporary allergic reaction may respond to treatment with antihistamines or steroid creams and/or systematic steroids.

SECTION 5: Firefighting measures

Extinguishing media:
Suitable extinguishing media:

Fine water spray, normal foam, dry agent (carbon dioxide dry chemical)

Unsuitable extinguishing media:

Water with full jets

Special hazards arising from the substance or mixture

None known

Advice for fire-fighters

Wear self-contained respiratory protective device

SECTION 6: Accidental release measures

Emergency Procedures/Environmental Precautions

Not considered environmentally harmful from normal dilution, expected usage and typical drainage to sewers, septic systems and treatment plants.

Methods and material for containment and cleaning up

Avoid accidents, clean up immediately

Reference to other sections
See Section 7 for information on safe handling
See Section 8 for information on personal protection
See Section 13 for disposal information

SECTION 7: Handling and storage

Precautions for safe handling
Avoid Eye Contact. Store in cool, dry place and out of direct sunlight.

Conditions for safe storage, including any incompatibilities
Store in cool, dry place and out of direct sunlight. Store away from reach of small children. Keep containers closed tight if applicable. Do not freeze or store in excessive heat.

Information about protection against explosions and fires:
Material not known to be combustible. For precaution, keep ignition sources away – do not smoke

Specific end uses:
Store and serve at room temperature

SECTION 8: Exposure controls/personal protection

Appropriate Engineering Controls :

Use appropriate engineering control such as process enclosures and local exhaust ventilation to control adequate ventilation.

Personal protective equipment (PPE):

The selection of PPE is dependent on a detailed risk assessment. The risk assessment should consider the work situation, the physical form of the chemical, the handling methods and environmental factors

The usual precautionary measures for handling food should be followed. Avoid contact with eyes.

Always wash hands before smoking, eating, drinking or using toilet. Wash contaminated clothing and other protective equipment before storage or re-use.

SECTION 9. Physical and chemical properties

Information on basic physical and chemical properties
General Information
Appearance

Physical state (Form):	**Powder**
Color:	**Yellow Powder**
Odor:	**Pineapple Odor**

Water Activity:	Not Applicable
Change in condition:	
Meting point/melting range:	Not Applicable
Boiling point/boiling range:	Not Applicable
Freezing point:	Not Applicable
Flash point:	Not Applicable
Ignition Temperature:	Not Applicable
Decomposition Temperature:	Not Determined
Auto Igniting:	Product is not self Igniting
Range of Explosion:	Product is not explosive
Explosion Limits:	
Lower:	Not Applicable
Upper:	Not Applicable
Vapor Pressure (mm Hg):	Not Applicable

Vapor Density (Air = 1): Not Applicable

Solubility in/Miscibility with Water: Soluble in water

Specified gravity (H20 = 1, glycerine = 1.203): Not Determined

Solvent Content:
Organic solvents: Not Determined
Solids content: Not Determined

SECTION 10: Stability and reactivity

Stable/ non reactive product under normal use and storage conditions.

10.1 Reactivity: No Further Relevant Info Available

10.2 Chemical stability: No Further Relevant Info Available

10.3 Possibility of hazardous reactions: No Dangerous Reactions Known

10.4 Conditions to avoid: Store and serve at room temperature.

10.5 Incompatible materials: No Further Relevant Info Available

10.6 Hazardous decomposition products: No dangerous decomposition products known

---

SECTION 11: Toxicological information

No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label. Symptoms or effects that may arise if the product is mishandled and overexposure occurs are:

Ingestion: No adverse effects expected
Eye Contact: May be an eye irritant
Skin Contact: No adverse effects expected
Inhalation: No adverse effects expected

SECTION 12: Ecological information

Toxicity:

Aquatic toxicity: **No Further Relevant Info Available**

Additional ecological information:

General Notes:

No ecological or special considerations when properly used according to directions. Not considered environmentally harmful from normal dilution, expected usage and typical drainage to sewers, septic systems and treatment plants

Results of PBT and vPvB assessment:

PBT: Not applicable
vPvB: Not applicable

SECTION 13: Disposal considerations

Waste treatment methods

Recommendation:

Do not reuse product containers. Dispose of product containers in accordance with local, federal and ststae health and environmental regulations.

Unclean packaging

Recommendations:

Disposal must be made according to official regulations

RCRA HAZARD CLASS: Not applicable

SECTION 14: Transport information

U.S. DEPARTMENT OF TRANSPORTATION (Road and Rail Transport)

PROPER SHIPPING NAME: Non-Hazardous material, NON DANGEROUS GOODS
HAZARD CLASS: 9
LABEL STATEMENT: Not Classified as a hazardous material.

WATER TRANSPORTATION (Marine Transport)

PROPER SHIPPING NAME: Non-Hazardous Material, NON DANGEROUS GOODS
HAZARD CLASS: 9
LABEL STATEMENT: Not Classified as a hazardous material.

AIR TRANSPORTATION (Air Transport)

PROPER SHIPPING NAME: Non-Hazardous Material, NON DANGEROUS GOODS
HAZARD CLASS: 9
LABEL STATEMENT: Not Classified as a hazardous material.

SECTION 15: Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture
USA The following information relates to product regulation specific to the USA.

Classification:
Based on available information, not classified as a hazardous according to the National Fire Protection Associations (NFPA 704); NON HAZARDOUS SUBSTANCE

U.S. Federal Regulations: Complies with current FDA regulations for food products.

SARA (Superfund Amendments and Reauthorization Act)
Section 355 (Extremely hazardous substances):
None of the ingredients are listed.
Section 313 (Specific toxic chemical listings):
None of the ingredients are listed.

TSCA (Toxic Substance Control Act): Compliant

California Proposition 65

Chemicals known to cause cancer:
None of the ingredients are listed.
Chemicals known to cause reproductive toxicity:
None of the ingredients are listed**.**
Carcinogenic Catergories

EPA (Environmental Protection Agency)
None of the ingredients are listed.

IARC (International Agency for Research on Cancer)
None of the ingredients are listed.

NTP (National Toxicology Products)
None of the ingredients are listed.

NIOSH-CA (National Institute for Occupational Safety and Health)
None of the ingredients are listed.

OSHA-CA (Occupational Safety and Health Administration)
None of the ingredients are listed

CANADA: Not classified

SECTION 16: Other information

This SDS summarises to our best knowledge at the date of issue the chemical health and safety hazard of the material and general guidance on how to safely handle the material in the workplace. Since Global Health Products, Inc. cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, assess and control the risks arising from the use of the material.

If clarification or further information is needed, the user should contact Global Health Products, Inc. at the contact details on page 1.

DISCLAIMER: No warranty or representation, expressed or implied, is made as to the accuracy or completeness of the forgoing data and safety information. The customer user assumes all liability for any damage or injury resulting from abnormal use, from any failure to adhere to recommended practices or from any hazardous inherent in the nature of the product.
