# Momcozy Wearable Breast Pump S9 Pro

### Description:

- S9 Pro hands-free pumps in a better efficiency with less time, saving more time for moms.
  Baby-stimulation pumping mode encourages more letdown, and also brings less pain to nipples.
  Low 45db sound to not wake the baby, silent use in the silent night.
  LED screen, easy reading even at night with one glimpse.
  Auto 30mins shut-off when not operating.

### Features:

- Less Time, More Milk - Momcozy S9 Pro Updated wearable breast pump with 2 modes & 9 levels. Imitating the baby's suckling method to optimize milk production. Ensure that each mother produces more milk in a shorter time, and give moms more choices and comfort.
- Longest Battery Life, Move Freest - one day charge for a whole day outdoors. Fully charged can be used for 270mins/8-9 sessions. The auto shut-off every 30 minutes helps moms pump on comfortably. Higher capacity battery and faster Type-C charging.
- Smaller & Smarter - Momcozy breast pump S9 Pro is 20% smaller, and S9 Pro adds an LED display with mode gears at a glance. Silicone buttons last longer and gear switching is softer. Optimized to reduce noise < 45dB when using will not disturb the baby's sleep.
- Innovative Pumping Technology - With a more stable installation and increased flange sealing edge for no leaks, the S9 Pro hands free breast pump sucks up every drop of breast milk. The fittings are soft food-grade silicone, are easy to remove for cleaning, and remain well sealed for optimal suction. The built-in bra adjustment buckle helps improve the pump effectiveness of the wearable breast pump.
- Professional, More Trust - Momcozy S9 Pro won the 2022 Reddot Design Award & 2023 Nappa Award, has patents for appearance and structure invention, FDA certification, FSA/HSA eligibility, etc. Professional grade S9 Pro breast pump gives mothers a better breastfeeding experience! Tips: The collection capacity max is 180ml/6oz, and the optimal collection volume is 120ml/4oz. And the correct measurement and selection of the right flange size can help the breast milk to drain smoothly.
