

Date: August 8, 2025

Product: OSOM® RSV Test (PN 1091)

Subject: Kit Expiry Date Extension

Dear Valued Customer,

We are pleased to inform you that the shelf-life on the OSOM RSV Test kit has been extended to **18 months** when stored at **2°C – 30°C**.

This letter is to notify you that the OSOM RSV Test kits in your inventory have a new expiration date which is different than what you see printed on the kit box.

Please consult the table below to verify the new expiry date for your kit(s). If your kit lot number is not included in the table, please use the expiration date printed on the outer kit box.

Product Lot Number	Original Expiration Date	Updated Expiration Date
RN5E1B	2026-08-31	2026-11-30

Please do not hesitate to contact Sekisui Diagnostics Technical Support with any questions or concerns at 800-332-1042, or via email at techservices@sekisuidiagnostics.com.

Sincerely,

Julie Aljamal
