CSR Sterilization Wraps

McKesson CSR Sterilization Wraps provide a material to wrap instruments and equipment for autoclave sterilization. They are designed to provide excellent barrier properties against both air and waterborne bacteria. They also provide a high degree of either wet or dry tensile strength. McKesson CSR Sterilization Wraps feature soft, cloth-like sheets that are easy to use and available in various sizes.

Features and Benefits

- Designed to work with both steam and ethylene oxide (EO) sterilization processes
- Helps to ensure protection against aqueous and airborne contamination
- Natural cellulose material provides durability and tear resistance
- Soft, flexible material to make wrapping easy
- Not made with natural rubber latex
