# CA Prop 65 Announcement

## CA Prop 65 Warnings Now Required on Websites

**As of 8/30/2018 CA 65 warnings are now expressly required on your website. This warning must be prominently displayed to the California purchaser prior to completing the purchase. An example of an acceptable practice to prominently display the warning to the purchaser is to provide the warning as a pop-up when the purchaser enters a California zip code.**

## NOVA's Prop 65 Policy

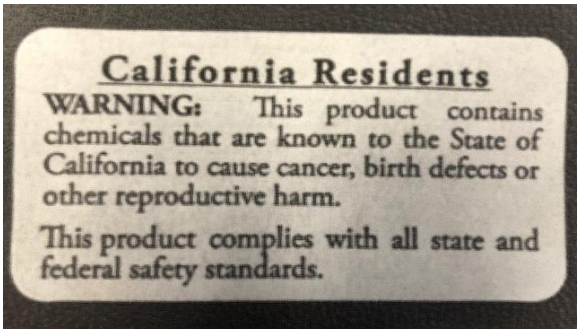

This warning is required ONLY by the state of California to comply with Proposition 65. No other state requires this or recognizes the levels of chemicals in our products to be harmful. The areas affected on the products listed below are the bags, seats and handles.

**To avoid any confusion created by having an alarming warning on our product we made the decision to require our vendors to only provide products with materials that are CA 65 compliant. We began receiving in the compliant rollators earlier this year so most of the models are currently being shipped with the CA 65 compliant material and don't require a warning. The models listed below have older, non-compliant components and will need to be labeled with the CA 65 warning sticker until we receive in newer compliant inventory. This is a temporary solution until we work through the older inventory.**

4204RD /4204BL/4204RD-R/4204BL-R
4205BL/4205RD/4205PL/4205BK/4205BL-R
4235RD
4209CBL/4209CDB/4209CPK/4209CPL
4202CPL
4218PL
4220PL
4222PL
4208CPL
8800
8805

Different products will become compliant at different times, but **we expect to have all items fully compliant within the next year.**

## Prop 65 Warning Sticker

This is an example of the Prop 65 warning sticker to be included with non-compliant products. The sticker will be placed on the bottom of the padded seat and on the plastic bag, if any, that the product it is packed in.

The sticker will display the following message: **"California Residents: WARNING: This product contains chemicals that are known to the State of California to cause cancer, birth defects or other reproductive harm. This product complies with all state and federal safety standards."**

**You will likely face questions regarding the safety of the product due to the new warning sticker. You can communicate that NOVA is confident that the CA 65 non-compliant products are completely safe for customer use, but we are obligated to label the product according to the CA 65 Proposition.**
