SAFETY DATA SHEET
BP WASHES & GELS

SECTION 1: IDENTIFICATION

Product Identifier

Product Name: BP WASH, BP GEL

Other Means of Identification

Product Item Code(s): N/A

Recommended use of the chemical and restriction on use

Recommended Use: Topical treatment of acne.

Restrictions on Use: For external use only. Not for ophthalmic use.

Name, address, telephone number of the supplier:

Company Address: Cintex Services, LLC
9330 LBJ Freeway, Suite 900
Dallas, TX 75243
USA

Information Telephone Number: 1-855-899-4237

Emergency Telephone Number: Call a Doctor or Poison Control Center immediately, 1-800-222-1222

SECTION 2: HAZARD(S) IDENTIFICATION

GHS Classification

- Eye Irritation Category 2.
- Skin sensitization Category 1.

GHS Label Elements, including Precautionary Statements

Signal Word: Warning

Hazard Statements:

Causes eye irritation.

May be harmful if swallowed

May cause an allergic skin reaction.

Pictograms:

Precautionary Statements:

Keep out of reach of children.

Keep container tightly closed.

Wash hands thoroughly after handling.

Hazards not otherwise classified: None

Unknown Acute Toxicity: No ingredients with unknown toxicity.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients	CAS No./ EINECS No.	Weight Percent
Benzoyl Peroxide	94-36-0/ N/A	5-12%

The exact concentration (%) is being withheld as a trade secret.

SECTION 4: FIRST AID MEASURES

Eye Contact: Remove contact lenses. Flush eyes with large quantities of water for at least 15 minutes, holding the eyelids apart. Get medical attention if irritation develops or persists.

Skin Contact: No action needed when used as directed. If irritation develops, wash skin with plenty of water. Get medical attention if irritation persists.

Ingestion: This product is used for external/topical application. If ingested, get immediate medical attention or contact your local Poison Control Center. Do not induce vomiting unless directed to do so by medical personnel.

Inhalation: Move victim to fresh air. Get medical attention if irritation persists.

Most Important symptoms/effects, acute and delayed: Nausea and vomiting. Sores in the mouth.

Indication of immediate medical attention and special treatment needed.

Notes to Physician: Treat symptomatically.

SECTION 5: FIRE FIGHTING MEASURES

Suitable Extinguishing Media: Use media appropriate for the surrounding fire.

Unsuitable Extinguishing Media: None known.

Specific hazards arising from the chemical: None Identified

Special Protective equipment and precautions for firefighters: Firefighters should wear full emergency equipment and positive pressure self-contained breathing apparatus.

Unusual Fire/Explosion Hazards: None known.

Known or Anticipated Hazardous Products of Combustion: Carbon monoxide, carbon dioxide.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures: Avoid contact with eyes, skin and clothing. Use appropriate protective equipment as described in Section 8. Wash thoroughly with soap and water after handling. Keep containers closed when not in use.

Environmental Precautions: Prevent spill from entering waterways.

Methods and materials for containment and cleaning up: Prevent further leakage or spillage if safe to do so. Wipe up or collect using an inert absorbent material and place in appropriate containers for disposal. Rinse spill area with water. Prevent spill from entering sewers and water courses. Report releases as required by local, state and federal authorities.

SECTION 7: HANDLING AND STORAGE

Precautions for safe handling: Avoid contact with the eyes, lips and mucous membranes. Wear protective clothing and equipment as described in Section 8. Wash thoroughly with soap and water after handling. Keep containers tightly closed when not in use. Do not puncture or incinerate the container.

Do not reuse containers. Empty containers retain product residues that can be hazardous. Follow all safety precautions when handling empty containers.

Conditions for safe storage including any incompatibilities: Store between 15°C and 30°C (59°F and 86°F). Protect from freezing. Keep out of reach of children. Keep container tightly closed.

SECTION 8: EXPOSURE CONTROLS/ PERSONAL PROTECTION

Exposure Control Parameters: The parameters are not provided for the product itself. They are provided for the ingredients listed below:

Occupational Exposure Limits:

Benzoyl Peroxide	5 mg/m^3	OSHA PEL

Appropriate Engineering Controls: No special ventilation normally required. For bulk handling, use ventilation that is adequate to maintain exposure levels below the occupational exposure limits.

Individual Protection Measures:

Personal Protective Equipment

Eye Protection: Safety glasses recommended, if splash is likely to occur. Avoid contact with the eyes.

Skin Protection: Wear impervious gloves.

Respiratory Protection: None should be needed for normal use. If the exposure limits are exceeded an approved respirator with particulate cartridges or air respirator appropriate for the form and concentration of the contaminants should be used. Selection and use of respiratory equipment must be in accordance with applicable regulations and good industrial hygiene practice.

Other Protective Clothing or Equipment: None needed for normal use. Impervious clothing as needed to avoid contamination of personal clothing for bulk handling.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance: White to off white liquid, wash, lotion, or gel.

Odor: Characteristic

Odor Threshold: Not available

pH: 5-7.5

Melting point: Not available

Freezing Point: Not available

Boiling Point/Range: Not available

Flashpoint: Not available

Evaporation Rate: Not available

Flammability (solid, gas): Not available

Upper/lower flammability or explosive limits:
LEL: Not available
UEL: Not available
Vapor Pressure: Not available
Vapor Density: Not available
Relative Density: Not available
Solubility in water: Not available
Partition coefficient
(n-octanol/water): Not available
Autoignition Temperature: Not available
Decomposition Temperature: Not available
Viscosity: Not available

SECTION 10: STABILITY AND REACTIVITY

Reactivity: No data available.
Chemical Stability: Stable under recommended storage conditions.
Possibility of Hazardous Reactions: None identified.
Conditions to Avoid: Excessive heat and unnecessary sun exposure.
Incompatible Materials: Avoid strong acids, strong bases, reducing agents, alcohols, amines and ether.
Hazardous Decomposition Products: May produce carbon monoxide, carbon dioxide and toxic vapors.

SECTION 11: TOXICOLOGICAL INFORMATION

Information on Toxicological Effects
Toxicological data are not available for the product itself. The data provided are for the ingredients listed below.

Benzoyl Peroxide 5 Oral Rat LD_{50}: 6400 mg/kg

Likely Routes of Exposure and the Symptoms related to the Physical, Chemical and Toxicological Characteristics:
Eyes: Direct contact causes eye irritation.
Skin: No adverse effects expected when used as directed. If any irritation occurs following intended use or prolonged exposure, these are characterized by redness, burning, itching, peeling, or swelling.
Inhalation: No adverse effects expected under normal conditions of use. May cause respiratory irritation in some sensitive individuals.
Ingestion: Not a likely route of entry. May be irritating to mouth, throat and stomach.
Chronic Health Effects: Not expected under normal conditions of use.
Mutagenicity: No data available.
Carcinogenicity: Not known to be as carcinogen or potential carcinogen by NTP (National Toxicological Program), IARC (International Agency for the Research of Cancer) or OSHA (Occupational Safety and Health Administration) or ACGIH (American Conference of Governmental Industrial Hygienists)
Medical Conditions Aggravated by Exposure: Individuals with pre-existing skin disorders may be at increased risk from exposure.

SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity

Ecological data not available for the product itself. The data provided are for the ingredients listed below:

Benzoyl Peroxide: 48 hrs. EC_{50} Daphnia magna: 2.9 mg/L

Persistence and degradability: No information available

Bio accumulative Potential: No data available

Mobility in soil:

No data available

Other adverse effects:

No data available

SECTION 13: DISPOSAL CONSIDERATIONS

Dispose in accordance with national and local regulations.

SECTION 14: TRANSPORT INFORMATION

DOT (US)

This is not a DOT controlled material

Proper Shipping Name: Not a regulated material, consumer commodity.

Hazard Class: N/A

UN Number: N/A

Packing Group: N/A

Air (IATA/ICAO)

This is not a regulated material

Proper Shipping Name: Not a regulated material

Hazard Class: N/A

UN Number: N/A

Packing Group: N/A

IMO/IMDG

This is not a regulated material

Proper Shipping Name: Not a regulated material

Hazard Class: N/A

UN Number: N/A

Packing Group: N/A

SECTION 15: REGULATORY INFORMATION

U.S. FEDERAL REGULATIONS:

SARA TITLE III:

Hazard Category for Section 311/312: Acute health hazard.

Section 313 Toxic Chemicals: This product contains the following chemicals subject to Annual Release Reporting Requirements under SARA Title III, Section 313 (40 CFR 372): None at or above reportable quantity.

Section 302 extremely hazardous Substances (TPQ): None at or above reportable quantity

EPA Toxic Substances Control Act (TSCA) Status: This product complies with TSCA inventory requirements.

Note: The regulatory information given above only indicates the principal regulations specifically applicable to the product described in the safety data sheet. The user's attention is drawn to the possible existence of additional provisions which complete these regulations. Refer to all applicable national, international and local regulations or provisions.

SECTION 16: OTHER INFORMATION

Risk phrases used in Section 2: Not applicable

Date of preparation of SDS: December 2, 2015
Revision Note: New GHS format for SDS.

Key/Legend:
ACGIH: American Conference of Governmental Industrial Hygienists.
OSHA: Occupational Safety and Health Administration
TLV: Threshold Limit Value
PEL: Permissible Exposure Limit
WEEL: Workplace Environment Exposure Limit

Legal disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. This company shall not be held liable for any damage resulting from handling or from contact with the above product.
